

Eyelash Curlers, Butcher Knives

Jeffree Star

I'm a fucking star
I'm Jeffree star I got my hair fixed, makeup done, I'm ready to go
Step in the club and you know I'm the show
Diamonds in my teeth are always a-glow
Blinded as I speak, mesmerized by my flow You can't say no
So let's go
Let's go Spit on the dance floor to know where you are
Slip to the beat cuz you wanna go far
Now you love
And I love that I'm Jeffree Star Spit on the dance floor to know where you are
Slip to the beat drivin' in my pink car
Now you love
And I love that I'm Jeffree Star We have our haircut, eyes shut we're already there
Don't know their names an I dont really care
Cuz I only suck dick and just to be fair,
Your not on the menu, you'll never compare You can't say no
So let's go
Let's go Spit on the dance floor to know where you are
Slip to the beat cuz you wanna go far
Now you love
And I love that I'm Jeffree Star Spit on the dance floor to know where you are
Slip to the beat drivin' in my pink car
Now you love
And I love that I'm Jeffree Star I'm a fucking
I'm a fucking
I'm Jeffree Star
Hair cut, diamonds
I'm Jeffree Star
Eyes shut, make up done, I'm ready to go You can't say no
So let's go
Let's go Spit on the dance floor to know where you are
Slip to the beat cuz you wanna go far
Now you love
And I love that I'm Jeffree Star Spit on the dance floor to know where you are
Slip to the beat drivin' in my pink car
Now you love
And I love that I'm Jeffree Star Cameras are flashin', everyone's askin' what I'm gonna do tonight..
Who I'm gonna do tonight..
What I'm gonna do tonight..

Ask Perez Hilton who I'm gonna do tonight..
