

Bodily Dismemberment

Aversion to Life

- Bodily Dismemberment - Kill the fucking idiots - Feasting upon stupidity

Stabbing, slicing, making humans die
Organ harvesting, liquid pus from eyes
Amputation, heads on the ground
Infestation, body count, Look around
Look at what you fucking do to me
Sliced up mammary incites my being
Annihilation, shitty human race
Stab you ALL - right in the face

Mother fucking cock sores are useless to me time to die, homicidal dismember
Shit sucking waste of life, exorcise your stupidity, your life is the cost
Sodomize your fetal whore, how does it feel to not even know you don't know anything
Foolish mortal bred in meaningless gullibility

One by one they all die
Cleansing of insanity
Butchering my evil deed
Responsible to make bleed
Tearing out eyes I grow in disgust
Severed legs tasting the crust
Stupidity breeding within thee
My assignment murder all beings
Massacre to bring peace
Being of morality
Death to all Humans beings
Now upon you, bodily suffering
Gorged on a spleen thriving in primacy
Crushing forth my blood stained rivalry
Stump holes receive my male proficiency
Assassination of your stupidity

Bleed, Bleed, Bleed, Bleeding on me
Bleed, Bleed, Bleed, for me
Bleed, Bleed, Bleed, Bleeding on me
Bleed, Bleed, Bleed, for me

Mother fucking cock sores are useless to me, time to die, homicidal, dismember
Shit sucking waste of life, exorcise your stupidity, your life is the cost

Annihilate the terrain populous
Absolve inanity, kill it where it breeds
Violently become insanity
Neutralize imbeciles before it spreads to me
Annihilate the terrain populous
Absolve inanity Kill it where it breeds
Violently become insanity
Neutralize imbeciles before it spreads to me

Bodily dismemberment, fatality in contentment, Sovereign absurdity, they all have to die
Chronically disfiguring, Idiocy contaminates, why allowed to procreate, they all have to die
Bodily dismemberment, fatality in contentment, Sovereign absurdity, they all have to die
Chronically disfiguring, Idiocy contaminates, why allowed to procreate, they all have to die
Bodily dismemberment, fatality in contentment, Sovereign absurdity, they all have to die

Mother fucking cock sores are useless to me time to die, homicidal dismember
Shit sucking waste of life, exorcise your stupidity, your life is the cost
Sodomize your fetal whore, how does it feel to not even know you don't know anything
Foolish mortal bred in meaningless gullibility
