

Iron Man (Sascha Konietzko & Chris Shepard Remix)

Die Krupps

Go shed the old skin - for the new skin transgression

Let the old flesh - rotten to trash resurrection

Seize the old laws

Riddled by flaws

Perfection

Open your mind

Don't stay behind

Progression

Weakness - these days are over

Old flesh - replaced by shiny armour

New thoughts - the mind expanding

Real tasks - that are demanding This body is invincible

Perfection is the principle Feel the clockwork

Of the new heart

Precision

Feed the engine

Of your bloodstream

Recondition

Move your muscles

Like a machine

Direction

Give your life

A new dimension
