

# Say My Name

## Big Smo

Since back in the day  
1 thing on my brain  
Do what it takes to build up my name  
Before all the fame  
1 foot in the game  
Throw fuel on the flames  
And let it just blaze  
Hell what can I say  
This who I am  
Same good ol' boy  
That don't give a damn  
Whatever it took  
To be my own man  
Payin' my dues  
Hand over hand  
You all know me  
Straight Tennessee  
Kuntry Boy  
Sippin' on mama's sweet tea  
Kickin' up mud  
Just for the love  
Reality is what you see on TV  
It's kinfoke for life  
That's what it is  
My fans are my family  
Just like my kids  
My team is on point  
So they handle my biz  
I said I want bangers they bringin' me hits  
Like this...I'm a make 'em say my name  
This for my folks  
Just for the heat  
Who stood in the cold  
For my name  
From the back of the club  
Up to the front row  
They gonna say my name  
And the ladies for sure  
They all love 'em some Smo

So I take 'em back home  
Just to make 'em say my name  
For those who don't know  
Or doubted my flow  
Just keep saying my name  
Y'all ain't holdin' me back  
You helpin' me grow  
You want it  
Just say my name  
Every stage  
Every show  
Everywhere that I go  
All over the globe  
I'ma make 'em say my name  
My daddy, he called me John Boy  
My mother, she said I was trouble  
I got the nickname Big Smo  
From my older brother  
Since then I carried it state to state  
Meetin' with everyone face to face  
Puttin' up posters place to place  
That's how I built my fan base  
We got billboards, tour bus  
Bumper stickers on big trucks  
T-shirts on my groupies  
Autographs on my CDs  
All ya'll haters  
Bitch please  
Knuckle up til y'all's fists bleed  
Realize you can't stop this  
And everybody gonna know me Smeezy  
Hick Ross  
Smocephus  
Big Boss  
King of Kuntry Hick Hop  
The list goes on  
And it don't stop
