

Here We Go

Das EFX

Yo, it's the slick, rugged dick
Tripe nigga from the heights again
I'm gettin' nice again, enter pussies like mice and men So I pretend to be something that you ain't
You got me laughin' to tha fuckin' bank
And plus I'll do ya something stank, nigga I'm bad to the bone, gnaws on the gristle
Puttin' the squeeze on niggas, so what?
Fuck Mr. Whipple if ya nibble on my ear
Yeah, baby girl, it might tickle I drink Old E like Fred D, drink the ripple
Word ta God, niggas wanna play hard rock for doses
That shit got to go, I cock back, shot the flow, caught Now hook 'em to the respirator
Drip the shit bag to his hip while he vision in tha escalator
Now play tha humble in the tunnel
With the bright light at tha end of it
Word is born, time ta end this shit Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Guess, who's next up ta flex, no need ta introduce
We holdin' down tha spot just like tha pimps do on the 40 deuce
So here's the story, kid ya bore me, don't ignore me
You gettin' kills in my territory You think you're clever sun, but you never sun
Gonna get a chance ta fuckin' con me like Edison
I think ya better run 'cause I'm comin' atcha
And what the fuck ya gonna do when I catch ya? Ya liddle bastid you'll get that ass kicked, when I blast it
Your gonna end up in a fuckin' casket
I kicks tha mad shit, I come ta show tha flow
You're fuckin' with a pro but I guess, by now ya know, so Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Well, now I gotcha niggas stumblin', I see ya fumblin'
Kill tha mumblin' 'cause when I'm on tha track
I'm never wack when I be rumblin'
Like this, like that, I'm fatter than the fattest Niggas wish they had this
They know, my style's the fuckin, baddies'

You got tha status but yo you're just a pussy
I'll fuck your girl, I'll make her do that watussi You need protection when in my section
For the injection, another one in my fuckin' collection
I blast off like a rocket, so don't knock it till ya try it
I come deep like a riot, ya can't deny it I keep it on lock, a forty and blunt ma'fucka and ya don't stop
I'm on tha scene with tha nicotine puffa
I gut ya clean ta make your fuckin' spleen rupture
Nice with the ways since the days ask niggas I know a lot of rap figures and pushin' crack niggas
Prhaps wack niggas need ta play tha back step
I got styles for days but styles ain't even hatch yet
Hate me but never violate me Used to smoke a pound a week but I been gettin' higher lately
Rhyme sayers need prayers 'cause snipers gettin' hot
When you make tha sign of the cross, X marks tha spot
L clips to my lips with my niggas to my side 380 sesh in the 325, oops, I'm at the eight now
East think I push more rock than Mr. Slate
I'm fat like Ricki Lake, here we go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go
Here we go yo, time ta get dough
That's how it is yo, that's how it go Here we go yo, time ta get dough
That's how it is yo, that's how it go
