Good Girls

Chixdiggit!

All the good girls are scared of me
Even though I've done nothing wrong
They say I'm tryin' harder than I have to be
I ain't tryin' to cut no ones lawnI got one of those haircuts and a distant stare
And some cardio for my lungs
Then I shaved my chest hair there's nothing there
I ain't never got nothin' doneWell as I look out from under my Itty Bitty Booklight
I think how my friends think I should get on that horse again
Well maybe they got a point cause I sit alone here every night
And talk to myself as I apply face cream before bedAll the good girls are scared of me
Even though I've done nothing wrong
They say I'm tryin' harder than I have to be
I ain't tryin' to cut no ones lawnI ain't tryin' to cut no ones lawn
I ain't tryin' to cut no ones lawnGood girl
Did you hafta be a good girl
Would you think that it'd be better if I lied
You and me are gonna make it if we tryOh Good girl
Did you hafta be a good girl
You know what cause I know what you really like
Imitate Austin Powers all the timeOh Good girl
Did you hafta be a good girl
Did you hafta be a good girl
Did you hafta be a good girlOh Good girl
Did you hafta be a good girl
Did you hafta be a good girl
Did you hafta be a good girl
