

# Take Ecstasy With Me

## The Magnetic Fields

You used to slide down the carpeted stairs  
Or down the banister  
You stuttered like a kaleidoscope  
'Cause you knew too many words You used to make ginger bread houses  
We used to have taffy pulls  
Take ecstasy with me, baby  
Take ecstasy with me You had a black snowmobile  
We drove out under the northern lights  
A vodka bottle gave you those raccoon eyes  
We got beat up just for holding hands Take ecstasy with me, baby  
Take ecstasy with me  
Take ecstasy with me, baby  
Take ecstasy with me
