

Nothing Much Of Anything

Badlees

You've got a right to be angry
You've got a right to complain
 But just being right
Ain't gonna change anything
 You want understanding
 Without saying a word
 You want admiration
Even though it's undeserved
 It ain't no secret
 Time took it's toll
 I can't believe it
 We're gettin' old
One of us should stand up
 One of us should scream
 One of us should step out
And say just what he means
 One of us should say
Just what it is we're fighting for
 But no one says nothing much
 Of anything no more
 We all have defenses
 And opinions to sell
We all have our methods
 Of defending ourselves
But there's nothing as lifeless
 As a tree that don't bend
There's nothing as worthless
 As a fair weathered friend
 It ain't no secret
 Time took it's toll
 I can't believe it
 We're gettin' old
One of us should get up
 One of us should say
 One of us should get out
 Of the other one's way
One of us should face up
 To what no one can ignore
But no one does nothing much

Of anything no more
I am he as you are he
As you are me, but we just disagree
Now I ain't anything
And it's a world full of anger
It's a world full of pain
It's a world full of people
Lookin' for someone else to blame
But it don't make no difference
If it don't make no sense
'Cause the world goes on a changing
With or without our consent
It ain't no secret
Time took it's toll
I can't believe it
We're gettin' old
If one of us was angry
If one of us was sad
If one of us was guilty
It might not be that bad
If one of us was anything
We might know something more
But no one is nothing much
Of anything no more
