

# Sensory Overload

## Bad Religion

This isn't art this is suicide, in a social way,  
I don't have the need and I don't have the time,  
I'll tell you why, Because I think about it all the time,  
I think about what's true and what's lies,  
I used to think things in my head were true, sensory feedback,  
From things like you,  
sensory feedback from things like you I don't know why this must be  
The guitar's misleading me Sensory overload, what a hell of a time  
Gotta sensory overload, gotta free your little mind  
Free your little mind, hello, go 'Cause I think about [Incomprehensible]  
I think about you and I  
Think about playing these games for real  
I wanna write down all the things I feel  
I don't wanna hide from the things I hear I don't know why, trust me, oh God it's bleeding me  
I don't know why, you're social suicide Gotta sensory overload, what a hell of a time  
Gotta sensory overload, gotta free your mind  
Free your little mind, your little
