

Same Way

Tank

I feel like this could last forever, ever ever, ever ever!
I feel like this could last forever, ever ever, ever ever! It feels new every day, yeah
The feeling never goes away when I see you
And when we touch it's like the first time, yeah
Baby you know I'm gonna stay
'Cause I've been looking for a woman like you
And no one else before ya came close
Like my birthday every day
You're the gift I want for sure
The perfect getaway, oh girl
There's nothing like my lady
And I knew that since the first day lady
And I still feel the same way, same way same way
And I still feel the same way, same way same way It's like I wished on a star ooh
'Cause you're a dream come true, oh girl
You know I'll never stray too far
'Cause I can make it to your heart babe
I've been looking for a woman like you
And no one else before ya came close
Like my birthday every day
You're the gift I want for sure
The perfect getaway, oh girl
There's nothing like my lady
And I knew that since the first day lady
And I still feel the same way, same way same way
And I still feel the same way, same way same way There's no one else, ooh yeah ooh yeah
Woman, of you
Yeah yeah, yeah! There's nothing like my lady
And I knew that since the first day lady
Baby I still feel the the same way, same way same way
And I still feel the the same way, same way same way, girl I feel like this could last forever, ever ever, ever ever!
I feel like this could last forever, ever ever, ever ever! I feel like this could last forever, ever ever, ever ever!
I feel like this could last forever, ever ever, ever ever! Even though I'm getting my money
Even though I got a new crib
Even though I got a lot of beautiful girls around
That don't change the way I feel
Even though I got the new drop top
Got the drop ? wheels
Shorty, you're the only one fun ?

(I still) Hold you next to the boat (I still)
Don't care what it costs (I still)
Treat you like a queen (I still)
And tell them just get lost (I still)
Put the bread up for you (I still)
Just in case you wanna play (I still)
From the first day I saw you (I still)
I'mma still feel the same way about you, yeah! Yeah
You should know
You should know
You should know
I'mma still feel the same way about you! Yeah
You should know
You should know
You should know
I'mma still feel the same way about you! Money still mean nothing, nothing without you
Darling, with me says nothing
You deserve this truth
Don't let this money, this power, this fame
Make you think my feelings for you ain't the same
I'mma still feel the same way about you!
Uh, yeah I'mma still feel the same way same way!
