Sentimentally Yours

Lime

(Richard Buck)I remember the night
When I met you, baby
We were sitting in the car
Teenagers on summer holiday
You looked into my eyes
And said you were lonely
So I would kiss you in the moonlight
Stay close to you the night away(Chorus)
I love you, I want you
More than ever I treasure you
I'll be sentimentally yours always(Chorus 2)
Take me, take me
Hold me in your arms
Say you love me
Touch me, touch me
I want to feel it
Deeper in my soulYou're an angel of love
And a sunshine of my life
Girl, each time I hold you near me
My heart is beating out of control
I remember the night
When I met you baby, baby(Repeat Chorus 1)(Repeat Chorus 2)Baby...(Repeat Chorus 2)(Sax Solo)(Repeat Chorus 1)Sentimentally yours always
Sentimentally yours...always
