

Sentimentally Yours

Lime

(Richard Buck)I remember the night

When I met you, baby

We were sitting in the car

Teenagers on summer holiday

You looked into my eyes

And said you were lonely

So I would kiss you in the moonlight

Stay close to you the night away(Chorus)

I love you, I want you

More than ever I treasure you

I'll be sentimentally yours always(Chorus 2)

Take me, take me

Hold me in your arms

Say you love me

Touch me, touch me

I want to feel it

Deeper in my soulYou're an angel of love

And a sunshine of my life

Girl, each time I hold you near me

My heart is beating out of control

I remember the night

When I met you baby, baby(Repeat Chorus 1)(Repeat Chorus 2)Baby...(Repeat Chorus 2)(Sax Solo)(Repeat

Chorus 1)Sentimentally yours always

Sentimentally yours...always
