

# Raven and Blood

## Aeternus

high fathers - teaching knowledge - increasing wandering through lands listening - mysterious folk lore  
enchantment - through books desire - to learn the truth to seek the raven - and the blood travelling for many  
days i find the place - where the elves hide elves of wisdom - knowledge of mystery i must seek their  
knowledge faith growing - deeply raven and blood - await me have i failed - is this folk lore time goes on - i  
have no longer guidance confusion within my mind i look up - and in the tree i see and i see the land - covered  
with blood the raven finally - the eternity raven and blood - they came to me ...and the raven became my king  
[spoken] ...and the blood embraced me ...and provided me with the strength of ...and entered my veins the god  
war ares
