

# Let 'em Know

Coco Jones

You came outta nowhere  
Yeah, Yeah you hit me like a hammer  
Didn't know what was coming next  
Bet you didn't notice  
Yeah you said I was pretty but you thought I was made of glass  
Oh baby..  
I ain't used to telling anyone the way I feel  
Sometimes you just gotta let 'em know, ay what's the deal..  
If I want you  
I'll let you know  
You want the truth  
I'll let you know  
And if I'm liking what I see  
Then I might let you next to me  
I need you  
I'll let ya know  
F'im in the mood  
I'll let ya know  
So ladies go hang up your halos  
Sometimes you just gotta let 'em know  
Ay yo ayo yo  
Ay yo ayo yo  
Ay yo ayo yo  
Ay ay ay ay yo  
Ay yo ayo yo  
Ay yo ayo yo  
Ay yo ayo yo  
Ay ay ay ay yo  
What ya doing to me  
It's like you're stuck in my head  
And I don't want to press rewind  
Oooo got me in so deep  
Boy I ain't gonna lie  
Never stoppin until i make you mine  
Oooooo woah hey  
Baby i ain't used to just tellin anybody the way i feel  
Oooooo  
Sometimes you just gotta let'm know  
Ay what's the deal(Chorus)If i want you

I let you know  
You want the truth  
I let you know  
And if i' liking what see then  
I might let you next to me  
I need you  
I let you know  
If i'm in the mood  
I let you know  
So ladies go hang up your halos  
Sometimes you just gotta let em know  
Ayo Ayo oh  
Ayo Ayo oh  
Ayo Ayo oh  
Ayo oh oh oooh  
Yeah ladies if you hear me  
and you wanna tell somebody  
let me hear you say  
Ayo Ayo Ayo Ayo (2x)
