Light from a Dead Star

Lush

He lives his life in a world full of women
And he takes what he wants
From their love
And he throws the rest awayI cling to him and pray
But still he slips away
And now it's just too late
To wish him back againShe won't put up with this life
So she leaves him
And she finds someone else
Falls in love and she travels far awayI say that it's okay
And swallow all my pain
And now it's just too late
To wish her back againThey left me here on my own
In a nightmare
And I just can't forgive anymore
So I smile and turn awayDon't listen when they say
They wish that I could stay
And now it's just too late
To wish me back again
