

Out Of My Way

The Vaccines

She lights the room with her triple beam eyes
You know she's making me crazy
She is an angel living way up high
High on a mountain anniversary
You know I try to cut her down to size
She don't let me
I think about her everyday of my life
I'm trying to get free
She's underneath my skin
Beneath me from within
And all I ever wanted
Was to make you happy
And I'll keep trying to make this happen
I'll go out of my way just to make you happy
And I'll keep dying if you keep fighting
I'll go out of my way just to make you happy
She paints the dessert with her wicked green eyes
I know she wants to get free
She is the motion falling from the sky
She can see right through me
I never wanted it to go this far
But she made me
So I guess I'll give it one more try
Just believe me
She's underneath my skin
She comes and comes again

And all I ever wanted
Was to make her happy
And I'll keep trying to make this happen
I'll go out of my way just to make you happy
And I'll keep dying if you keep fighting
I'll go out of my way just to make, make you happy
She paints the desert with her eyes
I know she wants to kiss the sky
She is an angel in the light
She's underneath my skin
She's underneath my skin
I think that we can fly, yeah

And I'll keep trying to make this happen
I'll go out of my way just to make you happy
And I'll keep dying if you keep fighting
I'll go out of my way just to make you happy
And I'll keep trying to make this happen
I'll go out of my way just to make you happy
And I'll keep dying if you keep fighting
I'll go out of my way just to make you happy
Yeah, I'm going out of my way, I'm going out of my way
I'm going out of my way just to make you happy
Just to make you happy, just to make you happy
[Incomprehensible]
