

# Chills

Annekei

Light another cigarette  
And maybe by the end of it you'll have changed  
Make a mental note to self  
To dig a deeper wishing well next year  
Still, you are the only thing I fear  
You give me chills (x3)  
Sentimental waking up or sleeping in a coffee cup

It seems  
You're so high the sky is scared (?)  
And you're in my nightmares and my dreams  
Still you are the only thing I need  
You give me chills (x3)  
And then you leave me cold  
Still you are the only thing I feel
