All 4 U

Soopafly

Your voice is a song
Sweet and long, I sing along
Your eyes are loke pools
Bright and cool, they see through fools
I'll never change my point of view
(I wanted you to know the truth)
That everything I'll ever do
I do for you, all 4 you

Your hands, make me feel
Feel for real, feel so healed
My love is so true
And my love is all 4 you
Your voice is a song
Sweet and long, I sing along
