

# All 4 U

## Soopafly

Your voice is a song  
Sweet and long, I sing along  
Your eyes are like pools  
Bright and cool, they see through fools  
I'll never change my point of view  
(I wanted you to know the truth)  
That everything I'll ever do  
I do for you, all 4 you

Your hands, make me feel  
Feel for real, feel so healed  
My love is so true  
And my love is all 4 you  
Your voice is a song  
Sweet and long, I sing along
