Days of Rage

Iced Earth

They beat you black and blue
Youre fleeced, your angers seething
They turned their backs on you, betrayed!
Fight or die, kill or be killed
Societys collapsing
You watch your world die and decayDays of rage
Days of rage
Days of rageUnhinged and full of hate
A time bomb clearly ticking
No more, nothing left to lose
Your money cant be found
Anger, pain, starvation
Betrayed! Domesticated foolDays of rage
Days of rage
Days of rageLies destroy life
Days of rage
Lies destroy life
Days of rage
Lies destroy life
Days of rage
Lies destroy lifeDecadence and ignorance
Led you to this suffering
Prison camps created just for you
Will you survive? What will you do?
When the rugs pulled from under you
Hell is what you futures coming toDays of rage
Days of rage
Days of rage
Days of rage
