

Feelin' Good

Levon Helm

Feelin' good, feelin' good
All the money in the world spent on feelin' good
A wino met me in the street
He said, Help me find some Sneakin' Pete
Help me brother, I wish you would
I feel so bad and I wanna feel good
Feelin' good, feelin' good
All the money in the world spent on feelin' good
Riding around with friends
Cadillac and everything
All the fine dreams
Lemonade and everything
Feelin' good, feelin' good
All the money in the world spent on feelin' good
Feelin' good, feelin' good
All the money in the world spent on feelin' good
You know all your fine things
A big Cadillac and everything
They're making diamond rings
The expenses are all a dream
Feelin' good, feelin' good
All the money in the world spent on feelin' good
Feelin' good, feelin' good
All the money in the world spent on feelin' good
