

# Dream Controlled Murder (demo)

## Blood Red Throne

Blood trails running down the stairs  
I chase the wounded one and pull her back by the hair  
Why I do not know how this became my life  
My eyes are shut and still I know where to ram my knife  
Bits of her tongue stuffed down her throat  
Keeps her from screaming as I ram her head with a hammer  
Crushed skull open, blood smeared face  
My laughter roar as I crush her teeth  
Scream shattered silence, throat slit corpse  
I kill again and i`ve killed before  
Watching her bleed to death,  
Lick my hands and spit out her nipples  
Oh my dark dream master, this was my triple  
Mystery or not, death is real  
Blood dripping knife  
I know the secret how to end a life  
Scream shattered silence, throat slit corpse  
I killed again and I've killed before  
Fragmented memory of the bloody act  
Blood shut eyes staring at me as I end her life  
She watches me cut, stab, slit and strife  
Yet another victim end a pathetic life  
Mama`s baby daughter screams  
Mourning her dead mother  
So I pick up the hammer  
And kill her like the others  
I lay myself down to sleep,  
This must be a dream,  
But every time I open my eyes  
Another one screams
