

Thug Is a Drug

Mos Def

Quick question

You ever felt like the realest nigga alive?

Felt too pretty or powerful to die?

Tell the truth,

You ever felt ugly enough to cry?

Have you ever begged for mercy?

Have you ever wished you died?

Tell the truth

Have you ever taken pride in the crime?

Been too hungry to break down or hide?

Felt low down dirty? Or super duper high?

Or contemplated murder, robbery, or suicide?

Tell the truth

Taken medicine for trouble in your mind?

Or taken down a number? For taking up a scheme?

I made her wild, beautiful take her 'til she skeet?

Take her to the penthouse or take her to the skreet?

Tell the Truth

So the waterman he take it to the beat

And I take it to the 'mic

So we takin' what we like

Take it to your neck

We gon' take it to the bank

Triple X, Killa K

Black we take it to your face

Like, G "Bank bank" Gangsta, birth sign is danger

It's like thug is the drug

That make 'em fall in love

When love don't love nobody

Bank, bank

Gangsta, star sign is danger

It's like thug is the drug

Ready rock, steady pump

Man they leanin' and they fiendin'

Cause they can't get enough The Dee-Jay play this song in the dance

And every buggy on the block got the tune on blast

The TV is like the radio with visuals too

So shiny, so gutter, mean moody and cool

Tell the truth

They might be doing things that you wanna' do
You fantasize as they be living it through
The big home with the beautiful view
You have a swim in the pool, and get fresh
And take a spin in the coupe
Tell the truth
You probably want to feel the world in your palm
While hold a gun in your hand
And make 'em know you a star
Tell the truth
And there's those who probably already are
They well known in they zone
Or they town or they block
Tell the truth
Then there's the rest who are usually not
And the heavy dose of thug feel like all that they got
So they ready to rock, R-r-rockGangsta, birth sign is danger
It's like thug is the drug
That make 'em fall in love
When love don't love nobody
Bank, bank
Gangsta, star sign is danger
It's like thug is the drug
Ready rock, steady pump
Man they leanin' and they fiendin'
Cause they can't get enough
