

A Bullet and a Tooth

Nowherebound

Bullet & A Tooth

Well lately Iâ€™ve been feeling like a bird with bricks for wings
This back has been left broken by the weight of all these tired dreams
Now my anchorâ€™s rusted through and Iâ€™m drifting out to sea
Well the ashtray is full, but the bottleâ€™s empty

So drag me to the dance floor, and spin me like a record
Darlinâ€™ all we got is everything to lose
Iâ€™ve been haunted by this apathy, and this raincloud that keeps taunting me
Wonâ€™t someone cut me free from this noose?
Iâ€™ve been caught between a bullet and a tooth

Iâ€™ve been chasing down prescriptions with these pints of foolish pride
Looking back on yesterdays when the dew was sweet upon the vine
Iâ€™ve been avoiding my reflection afraid of who I might find
Well the houselights are on, but Iâ€™m going blind

Tell me it isnâ€™t soâ€¦
Tell me you donâ€™t have to goâ€¦
