Somebody Out There

David Archuleta

Sittin? all alone in your room
Thinkin? that the world?s let you down
All you ever wanted to do is trust someone to always be around
You?ve had a lot of lessons to learn from
Some of them hit you so hard
And I keep believing someday you?ll see, you don?t have to be alone
There?s somebody out there, somebody somewhere to show you the tenderness you need
Somebody to hold you when worries control you
I?d give anything if only you knew it was me
I?ve been watchin? you go through all of these things for a while

There?s gotta be a way to bring you back
Coz these words sing when you smile
It doesn?t have to hurt you forever
It doesn?t have to last too long
If you wonder where to turn to
I hope that you know
I wanna be there when you?re in need
I would never be long if you were waiting
When you?re gonna see, if you could only see
Id give anything, anything at all, i think it's time that you knew it was me
