

# I'll Follow the Sun

## Mr. President

I'll follow the sun  
Into a new day  
I'll follow the sun  
Right to the place I wanna be  
Right to the place I wanna be  
We can make the world go round  
Why don't you follow me, right to the place I wanna be ?  
Yeah, we can make the world go round  
Why don't you follow me, right to the place I wanna be ?Dreams can make you happy  
If you will let them win  
We can make the world go round  
There's so much to begin  
I know a better place  
I need your warm embraceTake my hand, I'll take you to a land  
Where you've never been  
With you by my side I can ride to the moon  
On a violin  
You make me feel so right  
I need your love tonightSun is shining in my face  
And feel the need for sunny place  
Up and away from the hustle and the bustle of the city  
Where life is such a pity  
I need you right here in my arms  
Underneath the shade of sunny palms  
Where the skys are blue and we can have some fun  
I'll follow you like I'll follow the sun
