Gotta Be More

Marc Broussard

Yeah yeah
Oh oh oh
Cast my eyes towards the sky
Looking down on me
So far all I've seen are clouds
But I'm not gonna let 'em get me down
No way, no how
Not ever, not now
There's gotta be more here
Than what I see
There's gotta be more here
Than what I see
Walking down the road again
One step at a time
So far all I've seen are stop signs
But I'm not gonna let 'em get me this time
My life
Keep my head high, yeah
There's gotta be more here
Than what I see
There's gotta be more here
Than what I see, yeah yeah
Are those the clouds of my mind that hide the stars?
Will I ever find the road that leads me home again?
Does it seem so far from looking way to hard?
Now I know my heart is where my searching all begins, whoa
Ooh no no no no no
High low is where I stand
Looking for the man in charge, oh
High low is where I stand
Looking for the man in charge, yeah
High low is where I stand
Looking for the man in charge, yeah yeah
High and low is where I search
But you know that I didn't have to look this far, yeah
I believe there's more here to see, oh yeah
I believe there's more here to see, oh
'Cause the dirt has been wiped away from my eyes and
I know what I'm supposed to be, oh whoa

There's got to be more
There's got to be more
There's got to be more
There's got to be more
There's got to be more
