Smoke And Mirrors

The Magnetic Fields

Someone else's world goes by
As my train runs through this night
Someone else's rain comes down
But no rain can touch me now
Smoke and mirrors
Special effects
A little fear, a little sex
That's all love is behind the tears
Smoke and mirrors
We were foolish, you and I
But there's no reason to cry
We put on a lovely show
But that's all, I had to go
Smoke and mirrors
Special effects
A little fear, a little sex
That's all love is behind the tears
Smoke and mirrors
We were foolish, you and I
But there's no reason to cry
We put on a lovely show
But that's all, I had to go
I don't know the stations names
I'll spend my life on this train
