

Pause It and Turn It Up

Biffy Clyro

All I ask of you is to stick around
express the pain and your sadness
all I ask of you is to turn around
confess a system at work here
Wounds take time to heal
Wounds take time to heal
All I ask of you is to stick around
explain the art of your madness
all I ask is that you've learnt to turn around
confess the system at work here
Wounds take time to heal
I have an idea
about the voices I hear
Inaudible to everyone
everyone but me
turn it off
turn it off
turn it off
turn it off
I have an idea
about the voices I hear
Inaudible to everyone
everyone but me
turn it off
All i ask of you
All i ask of you
turn it off
All i ask is you
All i ask is you
turn it off x 6 (playing through next verse)
I have an idea
about the voices i hear
Inaudible to everyone
everyone but me
