

Good Luck

Idiot Pilot

Luck out you might
But don't rest on it
Find out you like
Separating hairs from skin
If struggle operates
As a driving force
Then where's the hope I'm fighting for?
If struggle operates
As a driving force
Then why's the cart before the horse?
Stuck in your mind

You placed all your bets
Find out you like
Separating hairs from skin
If struggle operates
As a driving force
Then where's the hope I'm fighting for?
If struggle operates
As a driving force
Then why's the cart before the horse?
If struggle operates
As a driving force
Then why's the cart before the horse?
