Because Of You

Mikaila

Finally I found it, someone that I really care about
Baby, I believe that you're the one
Now I understand it that I want you without a doubt
But now I gotta take some time aloneSo much more than just a friend
It's the beginning, not the end
I'll be there for you time and time againI gotta go, get away
How I feel about you makes me wonder
If our love is trueYou wanna go, all the way
Could you wait a little bit longer?
'Cause I'm saving all my love because of you
Because of you, oh, because of youI don't wanna hurry even though I wanna stay the night
Think I better leave, it's getting late
You don't have to worry, you're the only one that's in my life
Everything will come to those who waitSo much more than just a friend
It's the beginning not the end
I'll be there for you time and time againI gotta go, get away
How I feel about you makes me wonder
If our love is trueYou wanna go, all the way
Could you wait a little bit longer?
'Cause I'm saving all my love because of youWhen you're by my side don't wanna let you go
Hold you so close to me
I don't wanna hide, I try to let it show
But this is the way I feelSaving all my love for you, gotta get away
Saving all my love for you, if you feel the same
Saving all my love because of youI gotta go, get away
How I feel about you makes me wonder
If our love is trueYou wanna go, all the way
Could you wait a little bit longer?
'Cause I'm saving all my loveBecause of you, because of you
Because of you, because of you
Because of you, because of you
