

All Of Me

Syleena Johnson

You give me love and no limits
You fill me up when I need it
You bring me joy, show me peace, bring the best out of me
Pick me up when I fall and stand beside me You make me happy, you set me free
You take the lonely out of me
I'm in true love finally
And it's so fine, it's so fine When you do what you do
You pull through everything I need
And it's you that I see in my life
You're the air I breathe When you do what you do
I can fly across the widest seas
So just do what you do
'Cause it's true that you're all of me All of me, all of me
All of me, all of me You make me whole when I'm broken
And when I'm closed, you stay open
Now I see what you mean when you say you're here to stay
'Cause you love constantly and I thank you You make me happy, you set me free
You take the lonely out of me
I'm in true love finally
And it's so fine, it's so fine When you do what you do
You pull through everything I need
And it's you that I see in my life
You're the air I breathe When you do what you do
I can fly across the widest seas
So just do what you do
'Cause it's true that you're all of me When you do what you do
You pull through everything I need
And it's you that I see in my life
You're the air I breathe When you do what you do
I can fly across the widest seas
So just do what you do
'Cause it's true that you're all of me When you do what you do
You pull through everything I need
And it's you that I see in my life
You're the air I breathe When you do what you do
I can fly across the widest seas
So just do what you do
'Cause it's true that you're all of me
