Comedienne

Cinerama

You know that I've had My suspicions all along Well, would you be here now If something wasn't wrong? Your heart broke and you still joke 'Cause you're such a comedienne But that creep made you weep Don't laugh it off againOh, just forget the things he said And get into bedHe never loved you And deep down you know I'm right If you don't want to go back home Just stay the nightOh, I'm not joking 'Cause you're the comedienne No I mean it, I've seen it Now I want to see you smile againOh, just forget the things he said Get into bedYou want to leave him And you're looking for excuses That's why you're here I guess us old friends have our usesBut we could, oh we should Lie down here, you won't regret it Stay near me, do you hear me?
