Breathless

Cascada

Uptown, another endless night
Hearts break in early morning light, yeah, I take my time
Downtown, a lonesome boy at home
I don't know what's really going on, yeah, I take my timeBut underneath it all I know it feels so right
I feel I'm going crazy, but I won't cry tonightDon't turn away, I need to say
You are the one who leaves me breathless
Don't run away, I wanna stay
As long as I can be with youNow I know, I never meant to break a promise
Whoa, I never meant to say goodbye
Don't turn away, I wanna stay
As long as I can be with youIf I could start it all again
I'd know you're more than just a friend
Yeah, I'd turn back time
(I'd turn back time)But underneath it all I know it feels so right
I feel I'm going crazy, but I won't cry tonightDon't turn away, I need to say
You are the one who leaves me breathless
Don't run away, I wanna stay
As long as I can be with youNow I know, I never meant to break a promise
Whoa, I never meant to say goodbye
Don't turn away, I wanna stay
As long as I can be with youCome take my hand, let's break away
(Break away)
Don't stop, don't be afraid 'cause I know
We'll be foreverDon't turn away, I need to say
You are the one who leaves me breathless
Don't run away, I wanna stay
As long as I can be with youNow I know, I never meant to break a promise
Whoa, I never meant to say goodbye
Don't turn away, I wanna stay
As long as I can be with youDon't turn away, I need to say
You're the one who leaves me breathless
Don't run away, I wanna stay
You're the one who leaves me breathless
