

Misplaced Memories

[MxPx](#)

If I could take what I've learned
From all the mistakes I've made
From the pages that I've turned
From the lost games that I've played I'd be a better person for it
Better than deciding to ignore it
It meant so much to me
I wanna make things right with you and me
Misplaced memories
I've retraced my steps so many times
Maybe it was meant to be
And maybe all the answers are right here in front of me
If things could go differently
If we could learn to agree
I'm willing to apologize
Because I realize I'd be a better person for it
Better than deciding to ignore it
It meant so much to me
I wanna make things right with you and me
Misplaced memories
I've retraced my steps so many times
Maybe it was meant to be
And maybe all the answers are right here in front of me
Misplaced memories
I've retraced my steps so many times
Maybe it was meant to be
What else can I say, I let the past get to me
Seems like yesterday, I was cruising down Chico way
Seems like yesterday, I was cruising down Chico way
Misplaced memories
I've retraced my steps so many times
Maybe it was meant to be
And maybe all the answers are right here in front of me
Misplaced memories
I've retraced my steps so many times
Maybe it was meant to be
What else can I say, I let the past get to me
