

Trees

twenty one pilots

I know where you stand,
 Silent in the trees,
And thats where i am,
 Silent in the trees.
Why wont you speak,
Where I happen to be?
 Silent in the trees,
 Standing cowardly.
I can feel your breath.
I can feel my death.
I want to know you.
 I want to see.
I want to say, hello.
I know where you stand,
 Silent in the trees,
And thats where i am,
 Silent in the trees.
Why wont you speak,
Where I happen to be?
 Silent in the trees,
 Standing cowardly.
I can feel your breath.
I can feel my death.
I want to know you.
 I want to see.
I want to say, hello.
