# Take Me to the Hospital

## The Prodigy

Take me to the
Take me to the
Take me to the
Take me to the hospital
Take me to the hospital
Take me to the hospital
Take me to the hospital
Take me to the hospital
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Your goddamn hand up, I say
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Your goddamn hand up, I say
Along came a spider
He was creepy like Dracula
He spoke like he was a friend
So I came with adrenaline
Hold it

Welcome to the seen of the crash
Welcome to the seen of the crash
Take me to the hospital
Take me to the hospital
Take me to the hospital
Take me to the
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Your goddamn hand up, I say
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Push up your hand if you're lovin' my style
Your goddamn hand up, I say
Welcome to the seen of the crash
Welcome to the seen of the crash
Take me to the hospital

Take me to the hospital
Take me to the hospital
Take me to the
