Barney And Miriam

Craig Cardiff

the song almost stopped the car
paul said it best
He said I've been leaning to the right
and you've been leaning to the left
It's true you know,
if you've got no place else
You can always come homeLet's drive all night,
let's drive all day
Let's let the weight
of all these mistakes just slip away
I will be your Miriam
if you'll be my BarneyThey took it all off and
the sadness shut it down
he said stop making it up
and she said what comes around
Let's let all
of these mistakes slip away
You're feeling down and
there's nothing to be ashamed ofI will be your Miriam
if you'll be my Barney
