

# Modern Love Is Automatic

## A Flock of Seagulls

She's an automatic  
He's a cosmic man  
They will get together  
They should know better by now  
They meet in a garden  
Down in old Japan  
Where young love's forbidden  
You've got to keep it hidden  
Modern love is automatic  
Modern love is automatic  
Modern love is automatic  
Modern love is automatic  
They locked him away  
For twenty years they said  
"You won't see him again"  
But I know it's different  
Modern love is automatic  
Modern love is automatic  
Modern love is automatic  
Modern love is automatic  
Modern love is automatic  
Modern love isAutomatic  
Automatic  
Automatic  
Automatic  
Automatic  
Automatic  
Automatic  
Automatic
