

# Falls Apart

## DD Dagger

It falls apart from the very start, it falls apart  
It falls apart, everything around me falls apart  
    It falls apart from the very start  
It falls apart, seems like everything I touch  
    Falls apart, everything around me  
    Falls apart, when I walk away from you  
    I wish I could but I don't always  
        Keep the promises I've kept  
    I wish I could but I can't always  
        Give whatever I have left  
        And now it's all so clear  
    Did any one see what's happening here?  
    It falls apart from the very start  
It falls apart, seems like everything I touch  
    Falls apart, everything around me  
    Falls apart, when I walk away from you  
        When I walk away from you  
    I know I should but I don't always say  
        What you want me to say  
    I know I could but I don't always act  
        Like everything's okay  
        And now it's all so clear  
    Did any one see what's happening here?  
    It falls apart from the very start  
It falls apart, seems like everything I touch  
    Falls apart, everything around me  
    Falls apart, when I walk away from you  
When I walk away from you, when I walk away from  
    Everything I have ever been made of  
    Hates who I am, I'm so glad you waited  
    Can't get my mind off, that you can love me  
        I'm so behind, you're so far above me  
And you'll always be the wind under my wings, above me  
And you'll always be the wind under my wings, above me  
    I will not let it go to waste  
    I'm takin' all I got, I'm leaving this place  
        And I will not let it go to waste  
    I'm takin' all I got, I'm leaving this place  
        Man, I will not be taking up space

I'll take my best shot, I'm picking up the pace and  
It falls apart from the very start  
It falls apart, seems like everything I touch  
Falls apart, everything around me  
Falls apart, when I walk away from you  
It falls apart form the very start  
It falls apart, seems like everything I touch  
Falls apart, everything around me  
Falls apart, when I walk away from you  
When I walk away from you, when I walk away from you
