Finch

I wish it didn't hurt, hurt like this
To say these things to you
I'll sacrifice one moment for one truth If we get though tomorrow then we'll be fine
(Then we'll be fine)
We'll wait for
(We'll wait for)
Forever and see how close we get It's just another day
One more chance to get this right
I'll sacrifice forever, please just for tonight If we get though tomorrow then we'll be fine
(Then we'll be fine)
We'll wait for
(We'll wait for)
Forever and see how close we get, we get
