Finch

I wish it didn't hurt, hurt like this

To say these things to you

I'll sacrifice one moment for one truthIf we get though tomorrow then we'll be fine

(Then we'll be fine)

We'll wait for

(We'll wait for)

Forever and see how close we getIt's just another day

One more chance to get this right

I'll sacrifice forever, please just for tonightIf we get though tomorrow then we'll be fine

(Then we'll be fine)

We'll wait for

(We'll wait for)

Forever and see how close we get, we get
