

# Save It

## Paper Aeroplanes

Save It  
Save it for me  
'Cos I crave it  
Crave your poetry  
And I stay too long  
Linger on inside your  
    Perfect song  
    Crash and burn  
    Before your eyes  
    They're like mine  
    Oh, but  
    Save it for me,  
    Take it,  
    Take it from me  
    'Cos I'll break it up  
    Break it slowly  
    And I'll rouge my lips  
    Feel my skin  
    Beneath your fingertips  
    Toss and turn before  
        Your eyes  
    They're like mine  
    Oh, but  
    Save it for me,  
    Save it for me, come on,  
    Save it for me,  
    'Cos I stay too long  
    Linger on inside your  
        Perfect song  
    Crash and burn before your eyes  
    They're like mine  
    Oh, but  
    Save it for me,  
    Save it for me, come on,  
    Save it for me
