

Turning Page (Instrumental)

Sleeping at Last

I've waited a hundred years
But I'd wait a million more for you
Nothing prepared me for
What the privilege of being yours would do
If I had only felt the warmth within your touch
Or how you curl your lip when you blush
Well I would have known
What I was living for all along
What I've been living for
Your love is my turning page
Where only the sweetest words remain
Every kiss is a cursive line
Every touch is a redefining phrase
I surrender who I've been for who you are
For nothing makes me stronger than your fragile heart
If I had only felt how it feels to be yours
Well I would have known
What I've been living for all along
What I've been living for
