Lloyd Cele

You who shine your light darkness took away my fears told I can make it believed in me when all hope was lost
you are the one that told me I can fly thank you thank you for being a friend I can always count on thank you
thank you for always believed me you never gave up I thank you thank you cause you my inspiration the song
that I sing you are the voice in my dreams thank you lala lala lala lala ooh ooh you who held my hand I was
lonely told you never leave me not forsake you open your arms and welcome me into your heart into your heart
thank you thank you for being a friend I can always count on thank you always believed me you never gave up i
thank you I thank you coz you my inspiration the song I sing you are the voice in my dreams you are the fire
