

One Life

Forever Never

Woah oh, woah oh oh oh
Woah oh, oh oh
Woah oh, woah oh oh oh
Woah oh, oh oh oh oh!
Woah oh, woah oh oh oh
Woah oh, woah oh!
WoahhhhhListen up now ay ay
Listen up now, give it up now
So this is how it is
Now how do you suppose you've beaten one
A pure lack of ambition
Better make a decision
Before you get burnt
You are all that's left now
I'm the alarm
Well I guess you missed all those meetings where
They were handing out all of the common senseChorus
We've got one life,
One life is all that we have
One life,
One chance is all that you get
(So just live it with me!)Woah oh, woah oh oh oh
Woah oh, oh oh!So you think this is how its gotta be (yeah!)
Then why do you find yourself always alone a lonely one
Seem to think that this world owes you something
But I gotta tell you we owe you nothing
Just maybe you coulda been someone
But I guess its that you thought that it made way more sense
To go out and smash the shit outta everything
You don't understand thatWe've got one life,
One life is all that we have
(so cmon and sing it, yeah!)
One life,
One chance is all that you get
(yeah)(Rap)
Listen up!
Cause we all got
We're all the same and we all got
From the people down on the block

To the people right at the top
Your family
Your enemies too
It doesn't even really matter who
Your feature find a space to breathe
Live your own lives
And then you'll see
You could use the power of love
Some of us use a friend from above
It doesn't matter what your devils are
As long as you don't be too long
Activate your minds and intel
You wont believe what you can find
All the hatred aint just for fun And when youre not really trying
You gotta gotta live your life One life,
One life is all that we have
(so cmon and sing it, yeah!)
One life,
One life is all that we get
(its time to live it yeah!)
One life, one chance is all that you get
(So cmon sing it yeah!)
