

# Intro (Difference)

## Bryson Tiller

Oh you told me, girl you told me  
Could've sworn that you told me  
Well, I'm tellin' you, I'm tellin' you  
Now I ain't through, I ain't through  
I, I ain't through, I ain't through  
I ain't done with you, yes sir  
Aye, I say, with me it's different  
Let me show you the difference  
I just want you to listen now  
(Yeah, I love you, I love you)  
I just want you to listen now  
(Yeah, I love you, I love you)  
Can you tell the difference?  
No, you can tell the difference  
Oh yes, I say, with me it's different  
Baby, I know you see the difference
