112, Harlem World, ATL Yeah, kid you don't stop  
We won't stop, you don't stop  
Come on Baby whenever I'm with you  
No one else exists but you  
'Cuz you're the one for me Every time that we're apart  
You're always in my heart  
And there you'll always be Baby don't go  
Your love's so special  
Can't let me go now If I did wrong, I'm sorry  
No other love  
Is for me, oh yeah Love me, hold me  
Squeeze me  
(Love me, never let me go, baby)  
Hug me, kiss me  
And love me  
(Love me, never let go) Whenever I'm on my way home  
Just can't wait to be alone  
With you my baby Anticipatin' how you'll feel  
Listen to me I'm for real  
When I say, I love you Baby don't go  
Your love's so special  
Can't let me go now If I did wrong, I'm sorry  
No other love  
Is for me, oh yeah Love me, hold me  
Squeeze me  
(Love me, never let me go, baby)  
Hug me, kiss me  
(Yeah, yeah, yeah)  
(What, what, what, come on)  
And love me  
(Yeah, kid, Harlem on the rise)  
(With 112 and you don't want no problem with these guys) Yo, you cats never want no problem like we want it  
When Harlem World doubled up

We put G's on it  
I'm pushin' new 700 M.G.'s on it If that nigga can't see the ice  
That mean my sleeve's on it  
You know I dress as I'm suppose to  
Stretch Lex with a chauffeur Never sober, Red Testarossa  
Cherry Rover, Bagettes in my Jehovah  
Me and Puff at the Grammy's  
Sittin' next to Oprah  
(And the winner is) All we hear is platinum that  
Platinum this, platinum whips  
Nobody got no platinum hits  
Cats know with me platinum always wrap my wrist I come to the awards  
Quadruple platinum chicks  
Little ones like twenty-five  
What cats get smacked with Big ones like forty fives  
What cats get clapped with  
I react sick whenever my dough ain't adequate  
Harlem World-Junior Mafia  
Yeah, that's it, come on Love me, hold me  
Squeeze me  
(Love me, never let go, girl)  
Hug me, kiss me  
And love me  
(Love me, never let go) Love me, hold me  
Squeeze me  
(Love me, never let go)  
Hug me, kiss me  
And love me  
(Love me, never let go) Love me, hold me  
Squeeze me  
(Love me, never let go)  
Hug me, kiss me
