

123 Goodbye

Elvis Perkins In Dearland

1, 2, 3 goodbye
I love you more in death
Than I ever could in life1, 2, 3 all sigh
When the dollar is young
And the year is newMe and the full wolf moon
will be over youUnto the nighttime
I dream for you
12 sparrows pretty in a row1 and 23 eyes open
To the risen scarecrow
With his mind full blownDown those hay-lined roads
To his farmer's throneIt was happy, 1, 2, 3
It was sad, 1, 2, 3
We were happy once you and me
When we were sadOnce upon a time
We were happy in the bathtub
In the abacus of the rainOnce upon a time
We take our laughter to the blackboard
With a calculus of painAnd with good news from the weather vein
We'll go our separate waysIt was happy, 1, 2, 3
It was sad, 1, 2, 3
We were happy once you and me
When we were sadOnce in a lifetime
When the dollar is young
And the year is newOnce in a lifetime
Will the undoing of two souls
Be so easy to doLike it was for me
Like it was for youIt was happy, 1, 2, 3
It was sad, 1, 2, 3
We were happy once you and me
When we were sad1, 2, 3 goodbye, goodbye
1, 2, 3 goodbye, goodbye
Ready, 1, 2, 3 goodbye, goodbye
Steady, 1, 2, 3 goodbye, goodbye
Nice to know you, 3 goodbye, goodbye
It's nice to meet you, 3 goodbye, goodbye
Are you ready, 1, 2, 3 goodbye
