Damn I think I gotta a hangover,
Too much mo the nite before,
Mail lady at my front door
With a big booty and a cheque for me
Why in the hell is it so damn hot?
And it's only 11'clock
Lord help me cause I need relief!
Please send down some honeyz and some brew for me!
(chorus)
And I might just have to return to the spot to free my mind
Friday nite on the westside always remind me of summertime
(it's summer time)
And everybody on the westside is getting real hig off the la,la
(in the streets)
And we looking for the ta ta cause they pop out when it gets hot
(everybody)
Kiss your rainy days good bye,just blue skies and sunshine
(come chill with me)
Everything will be all right on the best side in the summer time

Here we come and we deep it's the honeyz in the benzos
And we know how we doing by the size on the rims on 'em
Makes me wanna fly away to the palm trees,bomb deed brighter days
Sunshione beemin on diamonds shined up
You want dimes we got the finest lined up
Come on so we can mess your mind up,put your tai up
Spend summer time with us
(chorus)
(rap by tq)
Put your hands up! everybody just stand up
I got some honey's in front of me screaming I'm the first man up
So I'm about to raise up,so I can blaze up and waste the day up
One day I'm paid up,i'll buy a big crib so I can lay up
If you didnt know I'm on my way up
And I'll bet you will arrive in the summer time!
